

YOUR UNION & JOB are under attack!

Big Business and their politician friends think working people have it too easy. That's why they want to change the law so they can:

**BUST YOUR UNION
OUTSOURCE YOUR JOB
LOWER YOUR PAY
CANCEL YOUR RIGHTS**

Don't let them succeed.

From Congress to City Hall, workers' rights are under assault like never before. The Legislative Education Action Program (LEAP) PAC is your way to fight back. By giving just a few dollars every pay period, you can help your union stand with candidates who stand up for us. If we won't invest in our future, who will?
